

One happy camper looking forward to sleeping in his revamped room!

Branching out!

Bring a bit of nature inside with a simple tree mural

YOU WILL NEED

- 3-4 Resene testpots in the colour of your choice - we used Resene Windfall
- 1 soft pencil, such as an HB2, and a soft eraser
- variety of fine brushes
- damp cloth

Add extra visual interest to an existing feature wall in your child's bedroom with this simple mural.

Step 1 Choose your colour - soften the final effect with a differing tone of the same colour. If necessary, identify the wall colour using the downloadable app, Resene ColourMatch.

Step 2 Search online for simple tree images. Check out stencil designs at www.resene.co.nz/kids/kids_stencils.htm. Print out your chosen image.

Step 3 Clean the wall by wiping with a damp but well wrung-out cloth.

Step 4 Using the printed image as a guide, sketch the outline on the wall. Start by marking the centre of the wall and the outer edges of your tree.

Step 5 Fill in the shape using Resene testpots and paintbrushes in a variety of thicknesses.

Step 6 Once the paint is dry, rub out any pencil marks that are still visible.
