

Difficulty level ★ easy ★★ moderate ★★★ challenging

Resene kids art with Mark Rayner – 19

You will need:

- Blank jigsaw puzzle
- Paintbrushes
- Pencil

- Resene Art Action Tempera paint in the following colours: Resene Black, Resene Cool Blue, Resene Cool Yellow, Resene Light Green, Resene Orange and Resene White

Step one

Using the pencil, draw a smiley flower shape, blades of grass, and a large bumblebee on the blank jigsaw puzzle.

Step two

Mix some Resene Cool Blue and Resene White paint together to make a pale blue colour and paint in the background – make sure you don't put the paint on too thickly. Leave to dry.

Step three

Paint the petals of the flower and the bumblebee with Resene Cool Yellow and the centre of the flower with Resene Orange. Leave to dry.

Step four

Paint the leaves and stalk of the flower and blades of grass with Resene Light Green. Once dry, paint around the edges with Resene Black. Make sure you let the jigsaw dry completely, then mix up the pieces and get puzzling!

It's easy to create your very own jigsaw with the help of Resene Art Action paints.

Top tip:

Blank jigsaws are available from most craft or hobby shops.

Here's another idea:

Use Resene Art Action paints to create a jigsaw gallery of crazy characters.
