SAFETY PRECAUTIONS

Read label before use. Keep out of reach of children. May be harmful if swallowed. May be harmful in contact with the skin. Causes mild skin irritation. Causes serious eye irritation. Very toxic to aquatic life with long lasting effects.

PRECAUTIONS

DO NOT EAT, DRINK OR SMOKE WHEN USING THIS PRODUCT. Store in original or correctly labelled container, tightly closed, in a well ventilated area indoors, away from foodstuffs, at an ambient temperature and avoid freezing conditions. Wear protective gloves and clothing, eye and face protection. Avoid release to the environment.

FIRST AID

IF SWALLOWED: Call a POISON CENTRE, doctor or first aider if you feel unwell.

IF ON SKIN (or hair): Wash with plenty of soap and water. If skin irritation occurs get medical advice.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists get medical advice or attention.

IF INHALED: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. If experiencing respiratory symptoms call a POISON CENTRE, doctor or first aider. When seeking medical advice take this container with you.

Further information can be obtained from
AUST: POISONS INFORMATION CENTRE 131 126
or call Resene 1800 738 383.

NZ: NATIONAL POISONS CENTRE 0800 POISON (764 766)
or call Resene 0800 737 363.

For use in cleaning exterior surfaces.

For full technical instructions see Data Sheet D88.

CAUTION

- Do not add Resene Roof and Metal Wash to paint.
- Mild steel and aluminium are attacked by Resene Roof and Metal Wash and are unsuitable materials for either storage or application equipment.
- Do not allow the product to come into contact with plants, stormwater outlets, streams or animals. May kill aquatic life if allowed to enter the stormwater system. Divert all roof run-off to a sewer or alternative catchment system.

Resene Roof and Metal Wash is the ideal pre-treatment for painted and unpainted galvanised steel and for general cleaning of any previously painted surface.

Preparation

• Resene Roof and Metal Wash is a specially formulated cleaning and degreasing agent. Recommended for all new and previously painted galvanised iron or Zinalume and as a general cleaner and pre-treatment for all repaints.

• Where moss and mould infestation exists use Resene Moss & Mould Killer (see Data Sheet D80) first. On painted surfaces mould looks like dirt and frequently the two cannot be visually distinguished. The most common species are black but others can be brown or green.

• This product may be used to clean a wide variety of surfaces. If the surface you propose to clean is not referred to, try a small test area first or contact your local Resene ColorShop or reseller for advice.

Application

- Mix with water and apply by brush or spray.
- Wear adequate protection. Use overalls, gloves, eye protection and suitable footwear.
- Scrub vigorously using a nylon bristle broom or short, hard bristle scrubbing brush to remove all dirt, grease, mould and any loose flaking paint. Rinse with clean water.
- Use more concentrated mixes to clean more heavily soiled surfaces.

Be PaintWise

For tips on responsible disposal of paint, cleaning equipment and minimising the impact of your decorating on the environment see the Resene website. Do not discharge any paint into the environment. Resene PaintWise (NZ) or paintback.com.au (Australia) accepts residual unwanted paint and packaging. Or contact your Local Authority for disposal information.

Use on: All galvanised iron or Zinalume (painted or unpainted) and previously painted surfaces.

Appearance: Water thin liquid.

Mixing ratio: One part Resene Roof and Metal Wash to three parts clean water.

Usage (diluted mix): 10 square metres per litre per coat.

No. of applications: one.

Application method: Brush, knapsack, garden or conventional spray.

Thinning and clean up: Water.

Enjoy the Resene Promise of quality on premium paints. See your Resene ColorShop or the Resene website for a copy.

In every case it is recommended that the appropriate Data Sheet and Safety Data Sheet are consulted prior to application.

Please ensure that use of this product is compatible with the substrate and surface preparation method. Resene does not accept any responsibility for the application of incorrect product to substrate. For further painting advice and information, call 1800 738 383 (AUST), 0800 737 363 (NZ) or visit the Resene website.
