Pin-up Dinos

Create a themed art display area for a kids' room using stencils, plastic toys and Resene paint colours.

YOU WILL NEED:

- Stencils
- Glue
- Jars with a lid
- Paintbrush
- Resene Waterborne Smooth Surface Sealer
- Plastic toys
- Cork pinboard
- Resene testpots
- Masking tape

Dinosaur storage jar lids

INSTRUCTIONS:

Step 1

Paint a thin layer of Resene Waterborne Smooth Surface Sealer over the outside of the jar lid and your plastic toy and leave it to dry.

Step 2

Glue the dinosaurs' feet to the lid and then set aside until the glue is set.

Step 3

Paint the outside of the lid and the dinosaur with your choice of Resene paint colours. Depending on the colour, you may need to do two coats.

Decorative pinboard

INSTRUCTIONS:

Step 1

Carefully tape your stencils in place with masking tape, so they don't move.

Step 2

Paint over the stencil with the Resene paint of your choice.

Hint

For a crisper result, use the pencil to draw around the dinosaur stencil and then use an artist's brush to paint it in. You can also add a few dots in a contrasting colour.
