

3950S

ANTI-STATIC DEGREASER

Description

Solvent mixture developed to remove mould release and other surface contaminants from plastics.
Composition based on blend of aromatic and alcohol solvents.

Products

3950S Anti-static Degreaser

Properties

- Eliminates non-water soluble contaminants, such as mould release agents and removes small amounts of grease and oil.
- Eliminates surface static electricity.

Substrates

- most automotive exterior plastic parts

Application - remarks

- Clean surface with water and soap.
- Wipe dry with clean cloth or blow dry with air.
- Degrease with 3950S.
- Wipe surface to loosen and lift contaminants. Immediately, thoroughly wipe off with a clean cloth.
- Close container after use. This prevents the cleaner to evaporate and to lose strenght.
