

**The square-edged forms and contrasting colour palette of the show home exterior extend to the interior, ensuring visual continuity between inside and out. A highlight of the spacious family living area is a large feature wall painted in Resene Livid Brown from the Resene Karen Walker Collection.**

The soft tones of Resene Midwinter Mist from The Range 2009 contrast the feature wall and enhance the home's light, airy interior. The colour also provides a neutral backdrop for art works and complements the natural timber flooring.

Painted in Resene SpaceCote Low Sheen, the interior highlights an environmentally friendly

paint option. The waterborne enamel is an Environmental Choice-approved paint. It is well suited to family living areas, as it is tough, durable and washable. In critical light areas, its reduced side sheen will minimise surface imperfections.

To help you work out the best colour selection for your own home, Resene releases a new The Range fashion fandeck each year. The latest fandeck presents more than 150 colours, and illustrates shades that work well together.

For further information, visit a Resene ColorShop, or phone 0800 RESENE (737 363). Website: [www.resene.co.nz](http://www.resene.co.nz).

**Above: The warm tones of Resene Livid Brown from the Resene Karen Walker Collection balance the crisp, contemporary design of the show home interior. The main walls in the family living area feature Resene Midwinter Mist. Both areas were painted in Resene SpaceCote Low Sheen, an Environmental choice-approved waterborne enamel well suited to family living areas.**
