

Upskill yourself in 2017

Resene Application Techniques

You're invited to attend a product and equipment training evening.

The event will cover:

Resene products such as Summit, Summit Commercial, CyberCote, NEW Decorator Ultra Low Sheen, NEW Lustacryl.

Graco will also be there to talk about machine maintenance, the right machine for the job, the Jet Roller and other new innovative products.

Followed by an "Ask an Expert" session
with Resene's Technical Application Consultant.

Each evening will start at 5:30pm in the below locations.
Drinks and nibbles will be provided.
