

RESENE CIOCCOLATO: ACNE STUDIOS

## Sweet Like Chocolate

*In a delicious display of decadent style, runways this season were slathered in smooth chocolate coloured designs sure to tantalise the most dormant sweet tooth.*

HUSBAND and husband team Jeffrey Costello and Robert Tagliapietra translated their own personal style into the latest Costello Tagliapietra collection this season. Plaid printed silk dresses and earthy tones, coupled with the brand's signature drapery skills, played into a grounded and almost understated selection of pieces. The short sleeve cashmere overcoat in a colour similar to Resene Drumbeat was expertly layered over a printed silk top to give just the right amount of lumberjack connotation without removing the femininity of the overall look.

Trussardi paid close attention to the essentials this season, chasing a utilitarian approach to design, with militaristic silhouettes and the crisp shine of fresh leather. The show encompassed a varied palette of brown and neutral tones with the mid calf length coat exuding an element of sexy elegance as it combines traditional cuts with more seductive fabric choices. In a colour similar to Resene Sambuca the coat looks warm and inviting, perfect for the upcoming cooler months.

With an overarching sense of experimentation and playfulness, the latest collection from Salvatore Ferragamo stuck to its design philosophy and produced a minimalist range featuring strong, graphic lines. The rib-knit poncho, similar in colour to Resene Peanut, was described as a Slinky due to the way it bounced while walking down the runway. Creative director, Massimiliano Giornetti has steered the Ferragamo brand away from its earlier glitzy aesthetic to a more modern and controlled offering without stepping over the line of too conservative.

Inspired by Stevie Nicks' Polaroid self-portraits from the mid 70s, Reem Acra showcased a selection of gorgeous gowns ready for the red carpet. "Nicks is a woman that I relate to. When I started putting things together, it came easy. I didn't have to think about it much," said Acra.

The whole collection was a testament to the fun and vibrant nature of Nicks, featuring delicate jewels, ruffled skirts and intricate lace. These three elements can be seen in the almost ornate looking dress coupled with a rocking dark chocolate leather jacket similar in colour to Resene Dark Ginger. Acra described her work as magical, simply thanking Nicks' bewitching effect. [View](#)
