SECTION 2. HAZARDS IDENTIFICATION

Classification of the hazardous chemical or mixture according to the criteria of Safe Work Australia

GHS Classification: Sensitisation – Skin Category 1.

Label elements

Exclamation Mark

Signal word WARNING

Hazard statements

H317 May cause an allergic skin reaction.

Precautionary statements: Prevention

P280 Wear protective gloves.
P272 Contaminated work clothing should not be allowed out of the workplace.
P261 Avoid breathing fume, vapours and sanding dust.

Precautionary statements: Response

P321 Specific treatment (see advice on this label).
P302 + P352 IF ON SKIN: Wash with plenty of soap and water.
P333+ P313 If skin irritation or rash occurs: Get medical advice/attention.
P363 Wash contaminated clothing before reuse.

Precautionary statements: Storage

Precautionary statements: Disposal

P501 Dispose of contents/container in accordance with local Regulations.
SECTION 3. COMPOSITION AND INFORMATION ON INGREDIENTS

SECTION 4. FIRST AID MEASURES

Description of necessary first aid measures

**Ingestion**
Drink 1 or 2 glasses of water. Consult a physician if necessary. Never give anything by mouth to an unconscious person.

**Eye contact**
Rinse with plenty of water. If eye irritation persists, consult a specialist.

**Skin contact**
Flush skin with plenty of water while removing contaminated clothing and shoes. Wash skin with soap if available. Seek medical attention if irritation persists or if a rash develops.

**Inhalation**
Move to fresh air.

**First Aid facilities**
Safety shower and eye wash facilities.

**Symptoms caused by exposure**
Contact with skin or eyes may cause irritation. Contact with the skin may cause an allergic skin reaction. Persons with predisposed skin conditions or those known to be sensitised to terpineols should take extra precautions or avoid using this product.

**Medical attention and special treatment**
Basic life support. Treat symptomatically.

SECTION 5. FIRE FIGHTING MEASURES

**Extinguisher**
Water based product. Choose extinguishing media suitable for surroundings.

**Hazards from combustion products**
Oxides of Carbon and Nitrogen.

**Special protective precautions and equipment for fire fighters**
Material can splatter above 100°C. Polymer film can burn. Do not allow contaminants and water from fire fighting to enter drains or water course.

**Hazchem code**
Not Specified

SECTION 6. ACCIDENTAL RELEASE MEASURES

**Emergency procedures**
In confined areas wear protective equipment. Keep spectators away and avoid breathing dust or vapours. Floor may be slippery, use care to avoid falling.

**Methods and materials for containment and clean up.**

**Minor spills**
Contain and absorb small quantities with vermiculate or other absorbent material. Wipe up. Collect residues in a waste container.

**Major spills**
Prevent, by any means available, spillage from entering drains or water course. Contain spill with sand, earth or vermiculite. Transfer liquid to containers for recovery or disposal.
SECTION 7.  HANDLING AND STORAGE

Precautions for safe handling
Avoid damaging containers. Keep lids on containers when not in use. People handling this product should wash their hands and face before eating and/or smoking. Handle containers carefully to prevent damage and/or spillage.

Conditions for safe storage
Storage temperatures: Max: 40°C, Min: 1°C. Avoid excessive changes in temperature. Avoid storing with strong oxidisers, acids and alkalis

SECTION 8.  EXPOSURE CONTROLS AND PERSONAL PROTECTION

Australian national exposure standards
No exposure standard has been established for this product or the components.

</tbody>
</table>

Peak limitations
No peak limitations allocated.

Biological monitoring
Not required.

Engineering controls
Use in a well ventilated area. General exhaust is adequate under normal operating conditions. If the risk of overexposure exists, wear an approved respirator.

Individual protection measures including Personal Protection Equipment (PPE)

Eye and face protection
Wear safety glasses or goggles. Avoid wearing contact lenses. Contact lenses pose a special hazard; soft lenses may concentrate and absorb irritants.

Skin protection
Wear chemical protective gloves, e.g. Nitrile or nitrile-butatoluene rubber. Do not use cotton, leather, PVC, rubber or polyethylene gloves as they will absorb the resin. Hypersensitive persons should wear protective clothing, gloves and use protective cream on face, hands and all exposed areas.

Protective clothing
Standard issue work wear. Wear safety footwear.

Respiratory protection
Selection of the Class and Type of respirator will depend on the level of confinement of the contamination. The local concentration of material, quantity and conditions of use determine the type of personal protective equipment required. Refer to AS1716 for selection of an appropriate respirator.

SECTION 9.  PHYSICAL AND CHEMICAL PROPERTIES

Appearance
White viscous liquid

Odour
Amine

pH
7 – 10

Vapour pressure
Not applicable

Vapour density
Not applicable

Boiling point
100°C

Flash point
Not applicable

Solubility
Soluble

Density
1.4

UEL
Not applicable

LEL
Not applicable

Volatile by weight

</table>

### SECTION 11. TOXICOLOGICAL INFORMATION

No data available for this product.

**Acute:**
Direct contact with the eye may produce transient discomfort characterised by tearing or conjunctival redness. Not expected to cause irritation to the skin or respiratory tract.

**Chronic:**
There is limited evidence that skin contact with this product may cause a sensitisation reaction in some individuals.

### SECTION 12. ECOLOGICAL INFORMATION

No data available for this product.

No data available for product ingredients.

This product should not be allowed to enter drains or water courses.

### SECTION 13. DISPOSAL CONSIDERATIONS

| Disposal methods and containers | Consult State Land Waste Management Authority for disposal. |
| Special precautions for landfill or incineration | Incinerate residue at an approved site. Recycle containers if possible, or dispose of in an approved landfill. |

### SECTION 14. TRANSPORT INFORMATION

| UN Number                      | Not specified                                      |
| UN Proper shipping name        | Water Based Paint. Non Hazardous.                  |
| Class                          | Not restricted                                     |
| Subsidiary risk                | None                                               |
| Packing Group                  | N.O.S.                                             |
| Special precautions for user   | -                                                 |
| Hazchem Code                   | Not specified.                                     |

### SECTION 15. REGULATORY INFORMATION

SUSMP: Not a scheduled poison.
SECTION 16. OTHER INFORMATION

Date of Preparation: 7th October 2015

Supersedes: 18th May 2010
