<tr>
<td>Dilution</td>
<td>One part Resene Roof and Metal Wash to three parts freshwater</td>
</tr>
<tr>
<td>VOC</td>
<td>97 grams per litre Dipropylene Glycol Monomethyl Ether (see Resene VOC Summary)</td>
</tr>
</tbody>
</table>

Application and precautions

Application
1. Provides an immediately cleaner surface.
2. Helps maintain the longevity of the paint finish.

Precautions
1. Do not add Resene Roof and Metal Wash to paint.
2. Mild steel and aluminium are attacked by Resene Roof and Metal Wash and are unsuitable materials for either storage or application equipment.
3. Ensure product is well rinsed off glass surfaces. Concentrated product left on glass surfaces may etch the surface.

Please ensure the current Data Sheet and Safety Data Sheet are consulted prior to specification or application of Resene products. View Data Sheets online at www.resene.com/datasheets. If in doubt contact Resene.
