## stylist tips

- ✔ Your favourite fashion brand can be a great place to start when choosing your Resene paint colours. This look was inspired by the natural materials of Marle.
- ✔ It's easy to create a coastal palette of earthy tones using Resene Peace, Resene Thorndon Cream, Resene Alamo with a pop of Resene Aloha.
- ✔ You can create unique floral displays using foliage rather than flowers for a more relaxed textured look.
- ✔ Incorporate beautiful wood and ceramic vintage items that become more beautiful with age. If you have existing timber that doesn't fit your new look use Resene Colorwood stains to rejuvenate it and bring it into your palette.
