## Pineapple Whiskey Sour

Serves 1

60ml whiskey  
25ml pineapple juice  
15ml lime juice  
10ml simple syrup  
1 egg white  
ice  
pineapple and cherries, to garnish

Add whiskey, pineapple juice, lemon juice, and simple syrup to a cocktail shaker, then add egg white. Dry shake (without ice) for one minute. Add ice, shake again for one minute. Strain into glass. We used dehydrated pineapple and cherries to garnish, but fresh is fab too.

### *Toast Tip*

Why dry shake? The first shake, without ice, is to break down the proteins in the egg white and make it foamy and silky smooth.

Fill a rocks glass with ice. Add lime juice followed by ginger beer, then finally the dark rum (the order is critical here, to get the ombré effect). Serve layered or stir to combine, should you wish.
