Resene Double Foundry

WINNER Nº 5

MAKING an ENTRANCE

Giving their Whangārei home a more modern look was the impetus for Ferne and Ben Reimanis to paint their front door in Resene Sassy, with exterior walls in dramatic Resene Double Foundry. Ferne, the fifth winner of our Making an Entrance competition in conjunction with Resene, says she trialled swatches of greens, mustards and pinks on the door before choosing Resene Sassy – not that it was too out of character: "My 21st was a pink party, my daughter's feature wall was in Barbie pink and 32 years [since the 21st], that love for all shades of pink is still there." The reaction from visitors has been fun. "Because our house is not on a street front everyone gets a shock when they come down the driveway... a most pleasant surprise," Ferne says.
