

RESENE POWDER ROOM AWARDS 2021 FINALIST

Brave heart

There are no white walls in this power powder room – even the ceiling called for colour

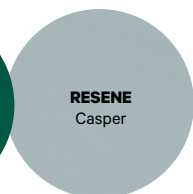

When dreaming up the look for her powder room, Rebecca Taylor knew she wanted it to be “surprising and a bit fun.” She found Resene Tropic Exotic Wallpaper 220122 fit the bill for the ‘fun’ aspect, but it was friend and interior designer Victoria Gibbons who suggested adding in the surprise element of icy grey Resene Loblolly on the ceiling and the dark forest green of Resene Canyon for the doors and the window trims. “It’s definitely my bravest room in the house,” Rebecca says. ●
