

Resene colour charts are updated regularly. This colour chart file is part of the colour chart archive, which we provide so you can view Resene colours that have been available over the years. Most older colours can still be tinted – check with your Resene ColorShop team if you need an older colour for your project.

Two white sneakers with white laces are shown from a top-down perspective, resting on a blue textured surface. The sneakers are positioned diagonally, with one in the upper left and the other in the lower right. The text 'Let's PLAY!' is written in a white, hand-drawn, brush-stroke style across the center of the image, overlapping the sneakers.
