

Resene colour charts are updated regularly. This colour chart file is part of the colour chart archive, which we provide so you can view Resene colours that have been available over the years. Most older colours can still be tinted – check with your Resene ColorShop team if you need an older colour for your project.

Resene
the paint the professionals use

Resene Sidewalk Paving Paint

An interior/exterior general purpose paving paint, based on a tough, flexible polyurethane resin to give maximum durability and abrasion-resistance in a single pack finish. The surface finish is designed to reduce the hazard of slipping. Where extra slip-resistance is desired, add Resene SRG Grit. Ideal for use on paths, steps, decking, concrete, fibre cement, suitably primed timber and composite boards, garage floors and light industrial floors. Available in 16 fashion colours.

Grey Granite with SRG Grit added

Resene Concrete Stain

An interior/exterior solventbased acrylic stain, designed specifically to colour concrete and masonry products. Resene Concrete Stain penetrates the surface forming a tough low-sheen finish that is both decorative and protective. Suitable for use on driveways, paths, carports, swimming pool surrounds and light industrial floors or anywhere concrete blocks, poured concrete, paving stones and cobblestones are used. Resene Concrete Stain is available in six colours. A clear gloss is also available for conserving quarry tiles, exposed aggregate, slate and concrete.

Colours are as close to actual as printing processes allow. Colours may differ depending on the substrate to which they are applied.

Resene Blacktop Driveway Coating

A cold-applied, heavy-bodied, slip resistant topping for use on asphalt. Resene Blacktop is based on a bitumen emulsion with graded fillers that dries to produce a durable weather and wear-resistant finish. For best results, apply with a Resene Blacktop Broom. Ideal for use on paths, driveways, tennis courts and other recreational areas. Available in black, red and green.

Resene

products for all projects

Resene has a comprehensive range of products and decorating tools for all areas in and around the home, including products that are ideal for all those backyard projects.

Exterior Wooden Surfaces

Two coats of Resene Lumbersider will add colour to all wooden surfaces in next to no time. Wash your fence or deck down using Resene Roof Wash and Paint Cleaner and rinse off with water. Treat existing mould with Resene Moss & Mould Killer, ensuring you rinse off the solution with copious amounts of fresh water. Allow to dry, then coat with two coats of Resene Lumbersider. See the Resene Lumbersider colour chart for a range of earthy tones perfect for the great outdoors. Resene Lumbersider is an Environmental Choice approved product.

For a more natural look, try Resene Waterborne Woodsman. Resene Waterborne Woodsman is a transparent wood finish that allows you to colour your timber while still allowing the natural grain to show through. Suitable for all exterior wood surfaces, including fences, decks, gates and outdoor furniture. See the Resene Woodsman chart to choose from the range of 22 transparent oil stain colours. Resene Waterborne Woodsman is an Environmental Choice approved product.

Swimming Pools

After a hard day's work, relaxing in a swimming pool is always popular. Resene Swimming Pool Paint has been specially designed for direct application to concrete swimming pools. A pool coated in Resene Swimming Pool Paint 'Magic Blue' will be less affected by chemicals used for treating pools than traditional pigmented pool finishes. The result is a longer lasting colour, giving you more time to enjoy your pool because you'll spend less time repainting it. Call the Resene technical helpline on 0800 RESENE for more information or visit our website www.resene.co.nz.

Planters

Textured, colourwashed, painted or stained... Resene has a wide range of products suitable for decorating planters. Available in hundreds of colours, Resene testpots allow you to add colour to your garden planters without being left with litres of excess paint.

If you have any energy left after completing all the backyard painting tasks, it is time to start on the house. Resene has all the products and colours you need to get the best finish for your house.

'See' the finish

With hundreds of colours to choose from, the hardest part will be picking your favourite Resene colour. Here's where Resene EzyPaint will help. You can visualise your next colour scheme before you even pick up a paintbrush. If you haven't got a copy already, you can download Resene EzyPaint free of charge from our website www.resene.co.nz or you can purchase it on CD-Rom from your local Resene ColorShop.
