

Resene colour charts are updated regularly. This colour chart file is part of the colour chart archive, which we provide so you can view Resene colours that have been available over the years. Most older colours can still be tinted – check with your Resene ColorShop team if you need an older colour for your project.

SYSTEM

TOTAL COLOUR MULTI FINISH SYSTEM

THE ONLY SYSTEM THAT'S AS COLOURFUL AS YOUR IMAGINATION

The Resene TOTAL COLOUR MULTI FINISH SYSTEM is an innovative method of colour formulation and presentation.

While it complements the Resene and British standard colour ranges, the Resene TOTAL COLOUR SYSTEM also adds to and extends the colours and shades available.

The colour range you have is one of twelve different hue types, each of which is called a palette, each palette is given an identifying letter, codes as follows:

BG Bright Green	V Violet
YG Yellow Green	B Blue
BY Bright Yellow	GR Grey
OR Orange	GO Green Oxide
RO Red Oxide	YO Yellow Oxide
BR Bright Red	BO Brown Oxide

Because of its simplicity and the abundance of quality shades within it, the TOTAL COLOUR MULTI FINISH SYSTEM has revolutionised the selection of colour schemes for use in the New Zealand environment.

MATCHING COLOURS

Due to the layout of the palette, matching a sample colour in the Resene TOTAL COLOUR SYSTEM is exceptionally easy. Furthermore, because of the logical nature of the layout of the palette it is possible to double the number of colours to choose from.

For example, if the colour you want sits halfway between say 3BG40 and 3BG50 you simply have to specify 3BG45 and it can be easily produced.

Alternatively a shade lying between 4BG30 and 5BG30 can be easily obtained by specifying 4.5BG30.

Indeed by scanning colours either vertically or horizontally, subtle variations in tone can be selected making the process of colour choice easier.

RESENE TEST POTS GO ON WHERE COLOUR CHARTS LEAVE OFF

Resene Test Pots make choosing from our beautiful range of fashion colours failsafe.

You select a colour from our colour chart, then take a Test Pot of the colour home and try it out. Resene Test Pots guarantee that the colour you choose in the store is the colour that is right in your home.

Resene Test Pots come in over 900 beautiful colours. And you'll find them only at Resene Color Shops and stockists.

The Resene TOTAL COLOUR SYSTEM is available in the following finishes:

Resene HI GLO	Exterior Gloss Acrylic
Resene SONYX 101	Int/Ext Semi-Gloss Acrylic
Resene LUMBERSIDER	Int/Ext Low-Sheen Acrylic
Resene ZYLONE SHEEN	Interior Washable Wallpaint
Resene ZYLONE 20	Interior Flat Wallpaint
Resene ENAMACRYL	Gloss Waterbased Enamel
Resene LUSTACRYL	Semi-Gloss Waterbased Enamel
Resene LUSTA-GLO	Interior Semi-Gloss Enamel
Resene SUPER-GLOSS	Int/Ext Super-Gloss Enamel

All Resene finishes are optimised for superior toughness, durability and adhesion.

They utilise the latest technological advances and employ colourfast pigments that ensure superb application characteristics and modern good looks.

TOTAL COLOUR MULTI FINISH SYSTEM

THE ONLY SYSTEM THAT'S AS COLOURFUL AS YOUR IMAGINATION

The Resene TOTAL COLOUR MULTI FINISH SYSTEM is an innovative method of colour formulation and presentation.

While it complements the Resene and British standard colour ranges, the Resene TOTAL COLOUR SYSTEM also adds to and extends the colours and shades available.

The colour range you have is one of twelve different hue types, each of which is called a palette, each palette is given an identifying letter, codes as follows:

BG	Bright Green	V	Violet
YG	Yellow Green	B	Blue
BY	Bright Yellow	GR	Grey
OR	Orange	GO	Green Oxide
RO	Red Oxide	YO	Yellow Oxide
BR	Bright Red	BO	Brown Oxide

Because of its simplicity and the abundance of quality shades within it, the TOTAL COLOUR MULTI FINISH SYSTEM has revolutionised the selection of colour schemes for use in the New Zealand environment.

MATCHING COLOURS

Due to the layout of the palette, matching a sample colour in the Resene TOTAL COLOUR SYSTEM is exceptionally easy. Furthermore, because of the logical nature of the layout of the palette it is possible to double the number of colours to choose from.

For example, if the colour you want sits halfway between say 3BG40 and 3BG50 you simply have to specify 3BG45 and it can be easily produced.

Alternatively a shade lying between 4BG30 and 5BG30 can be easily obtained by specifying 4.5BG30.

Indeed by scanning colours either vertically or horizontally, subtle variations in tone can be selected making the process of colour choice easier.

RESENE TEST POTS GO ON WHERE COLOUR CHARTS LEAVE OFF

Resene Test Pots make choosing from our beautiful range of fashion colours failsafe.

You select a colour from our colour chart, then take a Test Pot of the colour home and try it out. Resene Test Pots guarantee that the colour you choose in the store is the colour that is right in your home.

Resene Test Pots come in over 900 beautiful colours. And you'll find them only at Resene Color Shops and stockists.

The Resene TOTAL COLOUR SYSTEM is available in the following finishes:

Resene HI GLO	Exterior Gloss Acrylic
Resene SONYX 101	Int/Ext Semi-Gloss Acrylic
Resene LUMBERSIDER	Int/Ext Low-Sheen Acrylic
Resene ZYLONE 20	Interior Flat Wallpaint
Resene LUSTA-GLO	Interior Semi-Gloss Enamel
Resene SUPER-GLOSS	Int/Ext Super-Gloss Enamel

All Resene finishes are optimised for superior toughness, durability and adhesion.

They utilise the latest technological advances and employ colourfast pigments that ensure superb application characteristics and modern good looks.
