GET THE LOOK

Taking inspiration from the Tropics this vibrant scheme combines prints in rich, warm shades with a shot of green. Choose furniture in natural textures, then layer with print and patterned materials in weather-resistant materials. Finish this relaxed look with homewares and accessories from around the world such as ornate stools that double as side tables with and lanterns for ambient lighting.

If you're brave enough to try the colour-blocking trend outdoors, here's a great selection of paints to get you started. To complement the greens in your garden, choose warm, bright hues to paint garden seats, planters, cape cod chairs and outdoor features in striking Resene colours. Break open the Resene Testpots and get creative. Combine with Resene Sandtex Mediterranean finish for a lightly textured sandstone effect. resene.co.nz
