

## BENEFITS OF DEALING WITH AN NKBA MEMBER

- The National Kitchen and Bathroom Association (NZ) Inc. exists to further standards of excellence within the industry through training and promotion of good practice. It is affiliated to the NKBA in the USA (the founding organization) and is a member of Standards NZ.
- To maintain quality of excellence in membership the NKBA applies membership joining criteria to confirm member's credentials as professional operators within the kitchen and bathroom industry.
- NKBA members are your professional partners. Expertise and knowledge in design, manufacture and installation ensures results that not only transform the style and function of your home, but add to its value.
- The NKBA maintains industry standards and offers an arbitration service in the case of disputes.

# YOUR PROFESSIONAL PARTNER

When you use a member of the National Kitchen and Bathroom Association, you're assured of attention to detail - resulting in a transformation of the style and function of your home, adding to its value and comfort.

NKBA members have expertise and knowledge in design, manufacture and installation. They have

up-to-date knowledge of new products and appliances and the latest building and renovation regulations, so they'll be no nasty surprises after your project is complete.

Choosing a NKBA member for your kitchen or bathroom project makes sense, the hardest working areas of your home must be well designed and practical as well as looking good. Getting the details right results in spaces that are a pleasure to use, an investment you'll never regret.

# YOUR INTEREST AT HEART

**QUALITY** the NKBA is your assurance of quality in the kitchen and bathroom industry

**EXCELLENCE** the NKBA fosters and encourages excellence in design, manufacture and installation.

**TRAINING** the NKBA trains kitchen and bathroom designers, giving them an internationally recognized qualification

**STANDARDS** the NKBA maintains industry standards and offers an arbitration service in the case of disputes.

A National Kitchen & Bathroom Association Certified Kitchen Designer (CKD) or Certified Bathroom Designer (CBD) will ensure there is a good blend of design, function and flair.

Certified Designers hold an internationally recognized qualification available only through NKBA.
