WAYS FOR FATHER'S DAY

by Olivia Dajevic and Sara Thorburn

1 CREATE YOUR OWN GIFT TAGS

How to: Depending on the size of your little monster, you can use their fist or thumb prints for the shape of the monster, or paint it freehand. Then glue on googly eyes and go to town with horns, teeth, arms and legs.

2 THE ULTIMATE CARD FOR DAD

How to: How many words do you need to describe your dad? There's plenty of scope for imagination using either 'Dad' or 'Father'. Visit our blog for the template.

DIY SHIRT AND TIE CARD

How to: This gorgeous shirt and tie card is much easier than it looks. Fold a sheet of A4 card in half, cut a slit a third of the way down the front and fold it back to create the colour. Add a tie and buttons in the style that suits your dad.

We bought the googly eyes at Spotlight and a \$2 shop

My Daddy

FILL OUT A QUESTIONNAIRE

How to: Kids say the cutest things. Get them to fill in this questionnaire and discover how they see their dad. We like the idea of collecting them over the years and seeing how the answers change. Download it at blog.theparentingplace.com
