

# Let your ideas loose all over your walls with Resene Write-on Wall Paint

Turn your walls into whiteboards with Resene Write-on Wall Paint. Simply apply over your existing light coloured wall paint or if you're looking for a colour change, apply your new colour then apply Resene Write-on Wall Paint over the top.

Once dry and cured you can use whiteboard markers to write all over the wall without damaging the surface. And when it's time to delete an idea just grab a soft cloth or whiteboard eraser, rub out the marker and start again.

And if you'd prefer to have a dark colour, then you can apply that first, then Resene Write-on Wall Paint and once dry and cured you can write all over it using liquid chalk.

Use it in your kitchen to write your reminders, in your office for your to do list, in your conference room to share ideas and in your school for brainstorming, art and more. With Resene Write-on Wall Paint there's no limit to your ideas.
