

Paint
TWICE
the area in
HALF
the time

with **RESENE**
HI-GLO
LATEX HOUSE PAINT
(water thinned)

Recommended for weatherboard houses and all exterior surfaces. Resene Hi-Glo is made by the manufacturer of "Resene", the tested latex paint that has been in use for over 18 years. Resene Hi-Glo is a new paint that gives all the advantages of latex paints PLUS a new gloss finish.

Check this list of advantages:

1. QUICKEST PAINT SYSTEM YET DEvised.
2. A turps-based undercoat is NOT required. BRUSHES ARE CLEANED IN WATER.
3. FAST DRYING GLOSS.
4. UNDERCOAT AND FINISH COAT IN UNDER AN HOUR on old paint or new primed timber. ONE LIFT OF SCAFFOLD FOR BOTH COATS.
5. ONE PAINT for all wood, spoutings and concrete base.
6. STOP ANY TIME: lap marks won't show.
7. NOT AFFECTED by frost. START EARLIER - FINISH LATER.
8. NO DRAG; easy to apply with a 6 inch brush. Ask for a colour card.
