

Here's all the reasons you need to use Resene Hi-Glo House and Roof Paint

In addition to the BSS 2660 and 4800 ranges, Resene Hi-Glo is now available in all the 235 BSS 5252 colours — plus eight micaceous iron oxide colours.

A total of over 400 colours to choose from; Resene Hi-Glo and Galvo-One (galvanised iron primer) make the perfect combination for painting new roofs. Simply use two coats of Resene Hi-Glo for repaints.

Completely non-toxic; Hi-Glo and Galvo-

One can be applied to roofs used for the collection of drinking water.

Resene Hi-Glo is formulated on a 100% acrylic emulsion for ease of application, maximum durability and solid hiding.

Resene Hi-Glo can be used on almost any substrate.

RESENE HI-GLO HOUSE AND ROOF PAINT IS AVAILABLE AT RESENE COLOUR SHOPS THROUGHOUT NEW ZEALAND AND IN BETTER DECORATING STORES.
