

Introducing Resene Sidewalk

The new polyurethane paving paint for inside or out.

Many uses

Sidewalk, Resene's general purpose quick drying paving paint is great for paths, steps, decking, garage floors, light industrial floors, concrete, asbestos cement.

Maximum durability

Sidewalk is based on a tough flexible polyurethane resin to give the maximum durability and abrasion resistance for a one pack finish.

Non skid properties

Sidewalk's semi gloss surface texture has a 'Micro-roughness' which reduces slip.

Large colour range

With sixteen colours on the Sidewalk colour chart there should be a colour to suit any application.

Resene Sidewalk, available at these Resene Color Shops.
