

RESENE

the paint for
the job...

RESENE, specified for its endurance and its beauty is the paint for modern homes. RESENE is held in high regard by tradesmen, painters and architects. This is established by the large number of important buildings which have been finished in RESENE interior and exterior paint. The following are but a few of these:

Wellington Airport Buildings; Dunlop N.Z. Ltd., Upper Hutt; Lower Hutt Town Hall; General Motors N.Z. Ltd., Upper Hutt; St. James' Church, Lower Hutt; Lower Hutt Fire Station; Lower Hutt Electric Power & Gas Board; Transport Centre, Lower Hutt; Manthel Motors Ltd., Lower Hutt; John Dickinson's Building, Wellington; McLean Street Flats, Wellington; New Auckland Multi-storey Flats; Gordon Wilson Multi-storey Flats, Wellington; New N.I.M.U. Building, Lower Hutt; New Ski Resort, Mt. Ruapehu; Wharanui Flats, Wellington.

All these are modern structures requiring a high standard of finish and durability. On all of them RESENE has been used. RESENE is easy to apply. It dries within the hour and produces a perfect finish, leaving no brush marks. Thinning as well as brush cleaning is done with water. Brushes last longer too. RESENE goes further and covers completely. Available in Interior Satin and Clear Finishes as well as Exterior Semi-gloss which has proved its amazing qualities on concrete buildings, asbestos cement board and brick.
