Weekend DIY with Mark Rayner – 8

### You will need:

- Circular concrete paver
- Exterior construction glue
- Large terracotta pot
- Paintbrushes (including artists' brushes)
- Pencil
- Resene Concrete Primer
- Resene Lumbersider tinted to Resene Dust Storm and Resene Old Brick
- Resene Testpots of Resene Alabaster, Resene Gorse, Resene Mariner and Resene Space Cadet
- Resene Terracotta Sealer

Create a fabulous painted mosaic garden coffee table with a little bit of help from Resene.

#### Step one

Apply one coat of Resene Terracotta Sealer to the inside and outside of the terracotta pot and allow to dry.

#### Step two

Apply two coats of Resene Old Brick to the outside of the terracotta pot, allowing two hours for each coat to dry.

#### Step three

Apply one coat of Resene Concrete Primer to the concrete paver and allow two hours to dry.

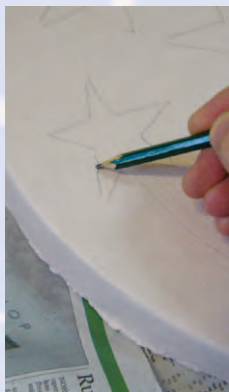

#### Step four

Apply two coats of Resene Dust Storm to the concrete paver, allowing two hours for each coat to dry.

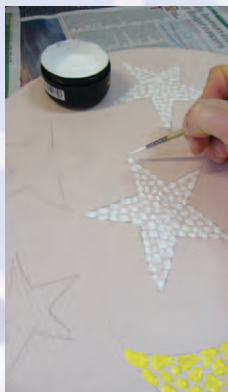

### Top tip:

Mark painted the background shed wall with Resene Lumbersider tinted to Resene Dairy Cream and the decking with Resene Sidewalk paving paint tinted to Resene Calico.

#### Step five

With a pencil, lightly draw a moon and star shapes on the concrete paver.

#### Step six

Fill in the shapes, making 'dabs' of paint with a small artists' brush. Use Resene Gorse for the moon shape and Resene Alabaster for the star shapes, as shown, and allow two hours to dry.

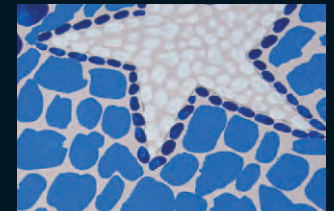

#### Step seven

Edge each shape with small 'dabs' of Resene Space Cadet and use a wider artists' brush to make a line of larger 'dabs' around the edge and sides of the paver. Allow two hours to dry.

#### Step eight

Fill in the background area using random 'dabs' of Resene Mariner and allow two hours to dry. Fix the concrete paver onto the upturned pot with a generous amount of exterior construction glue. Allow to dry before using.

### Other ideas:

Create a bright sun design using Resene Outrageous and Resene Wild Thing over a basecoat of Resene Half Joss and fill in the background with Resene Bowie and Resene Elvis.
