

Tinted ArmourChlor HBF for Pool Painting Disclaimer Form

The level and type of pigments used to produce colours has a dramatic effect upon the performance and durability of Resene Swimming Pool Paint. Resene Swimming Pool Paint is only available in the factory produced colour 'Magic Blue'. The pigments used to manufacture the colour 'Magic Blue' have been carefully evaluated to maximise performance.

Application of tinted ArmourChlor HBF as a pool paint will lead to a reduction in both protective and decorative properties of the paint.

By signing this disclaimer form you are acknowledging that you have been advised of the consequences of using tinted ArmourChlor HBF as a pool paint and that Resene Paints will accept no responsibility for the performance of tinted ArmourChlor HBF as a pool paint.
