

Resene Art Action tempera

80 ml

NON TOXIC Conforms to ASTM D-4236

Resene Art Action Tempera is designed specifically for use on home or classroom artwork. Ideal for younger children (3 years or older). A good value option for non-permanent artwork, posters and pictures that will be protected from moisture. If a higher quality, more permanent paint is required, use Resene Art Action Student Acrylic.

- Use direct from the container or dilute with water.
- Thoroughly clean your brush before use for best results.
- Solid colours may be mixed for colour blends.
- Wear suitable clothing, as some fabrics may retain the pigments used to colour the acrylic.
- Use cold soapy water to remove paint from brushes immediately after use.
- First aid is generally not required. If in doubt, contact the NZ Poisons Information Centre on 0800 764-766 or a doctor.
