**WARNING**

Read label before use. Keep out of reach of children. Harmful if swallowed. May be harmful in contact with skin. Causes allergy or asthma symptoms or breathing difficulties if inhaled. May cause an allergic skin reaction. May cause damage to organs through prolonged or repeated exposure. Causes severe skin burns and eye damage. Very toxic to aquatic life. Harmful to terrestrial vertebrate.

**PRECAUTIONS**

**AVOID BREATHING FUMES/MISTS/SPRAYS/VAPOURS. USE WITH ADEQUATE VENTILATION. DO NOT EAT, DRINK OR SMOKE WHILE USING.**

Store in original or correctly labelled container, tightly closed, in a well ventilated area indoors, away from foodstuffs, either between 15°C-20°C or at a cool, constant temperature. Wash all parts of the body thoroughly after using. Contaminated work clothing should not be allowed out of the workplace. In case of inadequate ventilation, wear respiratory protection. Wear protective gloves/eye protection/face protection/protective clothing. Collect spillage. Dispose of empty container safely. Consult Resene checklist on environmentally acceptable methods for cleaning equipment and disposing of unwanted paint. Avoid release to the environment.

**FIRST AID**

**IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting.

**IF ON SKIN (or hair):** Remove/take off all contaminated clothing and wash before re-use. Wash skin with plenty of soap and water/shower. If skin irritation or rash occurs: Get medical advice/attention.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If eye irritation persists: Get medical attention/advice.

**IF INHALED:** If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTRE or doctor/physician.

If exposed or concerned: Get medical advice/attention.

If medical attention is required: Have product container or label at hand.

Further information can be obtained from

AUST. POISONS INFORMATION CENTRE 131 126 or call Resene 1800 738 383.

NZ: NATIONAL POISONS CENTRE 0800 POISON (764 766) or call Resene 0800 737 363.

CONTAINS: Quaternary ammonium salts 940-1040 gms/L.

For use in cleaning exterior surfaces.

For full technical instructions see Data Sheet D815.

**CAUTION**

- Do not add Resene Deep Clean to paint.
- Do not allow the product to come into contact with plants, stormwater outlets, streams or animals. May kill aquatic life if allowed to enter the stormwater system. Divert all roof run-off to a sewer or alternative catchment system.

**Resene Deep Clean is the simple, safe method of keeping all your outdoor areas free from moss, mould algae and lichen. Simply spray or brush on and leave Resene and nature to do the work. Slow acting Resene Deep Clean gets right down to the roots of the problem, destroying the growth and combining with nature to let the remains be weathered off leaving a Resene Deep Clean surface. Ideal for use on paths, patios, decks and other exterior cementitious, timber and painted surfaces.**

**Application**

- If you have sensitive skin, wear gloves during application to avoid contact with the skin. If skin contact does occur, wash the skin thoroughly with soap and water. Do not scrub skin.
- Avoid use on windy days and wet days as it will be difficult to control the spray and ensure that the surface is fully wetted with Resene Deep Clean.
- This pack is supplied as a concentrate. Dilute one part Resene Deep Clean to four parts clean water.
- Spray or brush the diluted Resene Deep Clean solution onto the areas to be treated until the surface is saturated. Porous surfaces must be fully wetted to ensure the best result is achieved.
- When treating lichen, ensure surface is dry, spot spray lichen and leave for 15-30 minutes. Then apply Resene Deep Clean to the whole area.
- Leave the solution to soak in - do not rinse off.
- It may take up to one week to see any visible effect on lichen, mould and algae.
- Areas suffering from heavy growth may require further application.

- After use, clean the application tool thoroughly with clean water.
- For an immediate exterior clean, use Resene Paint Prep and Housewash (see Data Sheet D812).

Please ensure that use of this product is compatible with the substrate and surface preparation method. Resene does not accept any responsibility for the application of incorrect product to substrate. For further painting advice and information, call 1800 738 383 (AUST), 0800 737 363 (NZ) or visit the Resene website.
