**Resene Magnetic Magic**

**Magnetic Paint**

A premium water-based paint formulated with iron oxide for magnetic effect. Overlaid with your choice of topcoat, it can be used to create a magnetic surface. This product can be used to create magnetic surfaces inside and outside your home. It can be used on a variety of surfaces, including walls, doors, and windows. It is suitable for both indoor and outdoor use and can be used to create magnetic surfaces as well as regular decorative surfaces.

**Application**

1. Prepare the surface according to the manufacturer’s instructions.
2. Stir the paint well before application.
3. Apply the paint in a smooth, even coat.
4. Allow the paint to dry for 30 minutes before applying the topcoat.
5. Repeat the process as many times as required to achieve the desired magnetic effect.

**Colour**

Resene Magnetic Magic is available in a wide range of colours, allowing you to choose a colour that complements your interior or exterior space.

**Coverage**

Usual number of coats: A minimum of 150 microns (2 coats each at 6 square metres per litre) is required. Depending on application method, this may require more than 2 coats.

**Primer required**

Yes, Resene Magnetic Magic must be overcoated prior to use as a magnetic surface.
