Resene Particle Board Sealer is a unique product designed for use under clear alkyd and polyurethane varnishes. Suitable in all fibres and waxes used in the manufacture of chip, fibre, particle and strandboard.

**Product Use**

- For use as a decorative/protective coating.
- Suitable in all fibres and waxes used in the manufacture of chip, fibre, particle and strandboard.
- Suitable for use on premium paints. See your Resene ColorShop or the Resene website for a copy.

**Application**

- Apply one full coat of Resene Particle Board Sealer.
- It is important that Resene Particle Board Sealer is applied at the given rate as low film build will not seal the surface.

**Cleaning Up**

- Materials are not generally water-soluble. Wash brushes and rollers with suitable solvent, usually in the ratio of 1 part solvent to 5 parts water. Then wash up with soap and water.

**Storage**

- Store in a cool, dry place.

**Warnings**

- Read label before use. Keep out of reach of children. Suspected of damaging fertility or the unborn child.

**Precautions**

- Wear appropriate protective clothing. Absorb with sand or earth. Collect and seal in properly labelled drums. Do not allow to enter drains or to run off into waterways. Refer to local waste management authority.

**Emergency Measures**

- If exposed or concerned: get medical advice/attention.
- If inhaled: If breathing is difficult, remove to fresh air and keep warm. Call a POISON CENTRE or doctor/physician if you feel unwell.
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing.
- IF ON SKIN (or hair): Wash skin with plenty of soap and water/ or earth. If skin irritation or rash occurs get medical advice/attention.
- IF SWALLOWED: Do NOT induce vomiting. Rinse mouth. Call a POISON CENTRE or doctor/physician.
- Further information can be obtained from NZ: NATIONAL POISONS CENTRE 0800 POISON (764 766)
- AUST: POISONS INFORMATION CENTRE 131 126
