Resene ProSelect Clean professional timber flooring finish concentrate

makes over 10 litres

KEEP OUT OF REACH OF CHILDREN

net contents 1 litre
SAFETY PRECAUTIONS

Read label before use. Keep out reach of children. This material is quite bland; with vapour, occasional skin contact and even minor ingestion having negligible hazard. Repeated skin contact may, and any eye contact will, cause irritation.

PRECAUTIONS

USE WITH ADEQUATE VENTILATION. DO NOT EAT, DRINK OR SMOKE WHILE USING.

Store in original or correctly labelled container, tightly closed, in a well ventilated area indoors, away from foodstuffs, either between 15˚C-20˚C or at a cool, constant temperature. Dispose of empty container safely. Consult Resene checklist on environmentally acceptable methods of cleaning equipment and disposing of unwanted paint. Do not contaminate any water supply. Avoid release to the environment.

FIRST AID

IF INHALED: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. IF SWALLOWED: Rinse mouth. Call a POISON CENTRE, doctor or physician if you feel unwell. IF ON SKIN (or hair): Rinse skin with plenty of soap and water. If skin irritation or rash occurs get medical advice or attention. IF IN EYES: Rinse cautiously with water for several minutes. Continue rinsing. If eye irritation persists get medical advice or attention. 

IF MEDICAL ADVICE IS REQUIRED HAVE PRODUCT CONTAINER OR LABEL AT HAND.

Further information can be obtained from AUST: POISONS INFORMATION CENTRE 131 126 or call Resene 1800 738 383. NZ: NATIONAL POISONS CENTRE 0800 POISON (764 766) or call Resene 0800 737 363.

CLEANING APPLICATION EQUIPMENT: Brush/roll out as much product as possible onto newspaper before washing brushes and rollers. Dispose of wash-up water onto grassy/unsealed area or into inside sink/basin, NOT into outside stormwater drain where it may harm fish in local waterways.

Resene ProSelect Clean Concentrate is designed to be diluted with water before use. Diluted product is a low VOC, environmentally friendly and biodegradable cleaner for use on Resene ProSelect coated floors. Safe to use and leaves a streak free finish. Specifically designed to be used with a micro-fibre spray mop.

Important note: When cleaning coated hardwood timber floors, always follow the guidelines in the ATFA Caring for your Timber Floor brochure and the Resene ProSelect - Caring for Your Floor information, available from www.resene.com/proselect.

Mixing: Mix 1 part Resene ProSelect Clean Concentrate to 10 parts water (by volume). For particularly dirty floors mix a stronger solution of 1 part Resene ProSelect Clean Concentrate to 5 parts water (by volume).

Note: Diluted product should not be stored in large quantities for extended periods as it is more prone to bio-contamination once diluted. Mix amount required for job at hand.

Application: Simply vacuum or dry mop the floor to remove excess dirt, grit and dust. Using a micro-fibre spray mop, spray/mist a small area of the floor and wipe in the direction of the grain. Allow to dry before walking on the clean surface. DO NOT wet mop the floor. For particularly stubborn dirty marks, spray directly onto the affected area and allow the cleaner to work for several minutes before wiping off with a micro-fibre cleaning pad.

Refer to www.resene.com/proselect or the Resene ProSelect Technical Data Booklet for more detailed information.

Please ensure that use of this product is compatible with the substrate and surface preparation method. Resene does not accept any responsibility for the application of incorrect product to substrate or the application of incorrect colours. Resene products are designed to be used as a system for optimal results. Substitution may cause substandard results or system failure. For further painting advice and information, call 1800 738 383 (AUST), 0800 737 363 (NZ) or visit the Resene website.
