DO NOT use water in fire fighting. Use foam, CO2, dry chemical for extinction. May harm fish in local waterways.

PROSELECT FLAMMABLE LIQUID 3

DO NOT EAT, DRINK OR SMOKE. DO NOT use water in fire fighting. Use foam, CO2, dry chemical for extinction. May harm fish in local waterways.

For professional use only. Developed specifically for professional flooring contractors, Resene ProSelect Cure is an isocyanate hardener for use in the Resene ProSelect Blending System.

FOR PROFESSIONAL USE ONLY

Mix ratio: 1 part Base to 1 part Cure (by volume). Refer to the Resene ProSelect Mixing Chart for additional details.

Mixing: Ensure Resene ProSelect Cure is mixed thoroughly before thinning. Mechanical stir. Do not shake.

Clean up: Water. DO NOT seal up left over mixtures within 12 hours after mixing due to potential carbon dioxide gas pressure build up. Not suitable for spray application. Users of this product should be familiar with the Approved Code of Practice (ACP) for the safe use of isocyanates issued by WORKSAFE.

Refer to www.resene.co.nz/proselect or the Resene ProSelect Technical Data Booklet for more detailed information.

Enjoy the Resene Promise of quality on premium paints. See your Resene ColorShop or the Resene website for a copy.

In every case it is recommended that the appropriate Data Sheet and Safety Data Sheet are consulted prior to application.

Developed specifically for professional flooring contractors, Resene ProSelect Cure is an isocyanate hardener for use in the Resene ProSelect Blending System.

Under Australian and New Zealand Workcover legislation, if you select and use Resene ProSelect Blending System you are responsible for making a risk assessment to ensure this product is implemented safely and correctly.

Please ensure that use of this product is compatible with the substrate and surface preparation method. Resene does not accept any responsibility for results obtained if substrate or application does not conform with recommendations set out in the Resene ProSelect Blending System and in particular the Resene ProSelect Technical Data Booklet. Substitution may cause substandard results or system failure. For further painting advice and information, call 1800 738 383 (AUS), (0800) 737 363 (NZ) or visit the Resene website.
