Resene Cool Colour

Use with a
Resene Colour
System.

Resene Quick Dry waterborne primer undercoat

Use on:

• exterior or interior surfaces
• new or previously painted surfaces
• priming new or previously painted surfaces

Do not use on:

• sealer or primer finishes
• metal
• tubing or pipes
• absorbent or porous substrates
• objects that can be damaged by water

SAFETY PRECAUTIONS

Read label before use. Keep out of reach of children. This material is quite bland; with vapour, occasional irritation may be noticed. Do not inhale or swallow. If inhaled, immediately get fresh air. Do not use in poorly ventilated areas. Do not allow to enter drains or to run off into waterways. Do not inhale vapours or spray mist. Do not mix with other paints, thinners or preservatives. Use with adequate ventilation. Do not eat, drink or smoke while using. Do not allow to enter drains or to run off into waterways. Do not inhale vapours or spray mist. Do not mix with other paints, thinners or preservatives. Use with adequate ventilation. Do not eat, drink or smoke while using.

PRECAUTIONS

USE WITH ADEQUATE VENTILATION. DO NOT EAT, DRINK OR SMOKE WHILE USING. Store in original, correctly labelled container, tightly closed, in a well ventilated area, away from foodstuffs, at an ambient temperature and avoid freezing conditions. Avoid release to the environment.

FIRST AID

IF IN EYES: Rinse cautiously with water for several minutes. If eye irritation persists or if you feel unwell, take medical advice or attention. IF INHALED: Remove to fresh air and get medical advice or attention. IF SWALLOWED: Rinse mouth. Call a POISON CENTRE, doctor or physician if you feel unwell. IF SKIN (or hair) contact: Take off all contaminated clothing. Rinse skin with plenty of soap and water. If skin irritation or rash occurs get medical advice or attention. IF INHALED: If breathing is difficult, remove to fresh air and get medical advice or attention. IF SWALLOWED: Call a POISON CENTRE, doctor or physician if you feel unwell. IF ON SKIN: Wash skin with plenty of soap and water. If in eyes rinse with plenty of water for several minutes until redness is reduced. If inhaled, get medical advice or attention. IF INHALED: If breathing is difficult, remove to fresh air and get medical advice or attention. IF SWALLOWED: Call a POISON CENTRE, doctor or physician if you feel unwell. IF ON SKIN: Wash skin with plenty of soap and water. If eyes are irritated, rinse for 15 minutes with plenty of water. IF INHALED: Get medical advice or attention. IF IN CONTACT WITH THE EYES: Remove any contact lenses and rinse thoroughly with water. Do not apply heat. Get medical advice or attention. IF INHALED: If breathing is difficult, remove to fresh air and get medical advice or attention. IF SWALLOWED: Call a POISON CENTRE, doctor or physician if you feel unwell. IF ON SKIN: Wash skin with plenty of soap and water.
