Resene Silvalusta is a solvent-based black bitumen cut to brushing viscosity with the addition of a leafing grade aluminium flake.

**Preparation**
- Ensure surfaces to be coated are in sound condition, free from dirt, dust, loose material and oil. Remove accumulated windblown salt by washing with clean water.
- Waterblasting is the best surface preparation prior to coating of weathered cementitious surfaces.
- Unwind Resene Moso & Holden Killer (see Data Sheet D83).

**Application**
- Apply two coats allowing 24 hours between coats.
- Many coats can be applied for maximum protection with no shrinking or cracking of the film.
- Resene Silvalusta develops maximum brilliance after six weeks weathering.

**Storage**
- Store in a cool, dry place. Keep out of reach of children.
- Must be treated in a suitable VAPORPROOF SEALING TANK for transport or storage in bulk. Do not allow to come into contact with foodstuffs or water. Do not contaminate any water supply. Ground/bond container and receive in environmentally acceptable methods for cleaning equipment and disposing of unwanted paint. Avoid release to the environment.
- Use appropriate protective clothing. Absorb with sand or earth. Collect small spills in containers.

**Ventilation**
- Do not use in an equipped building or where there are other people present unless the area is well ventilated.
- Avoid breathing fumes/mists/vapours/sprays. Use with adequate ventilation.
- Do not use in the presence of combustion products from other sources.

**Transport**
- Do not transport tank or vessel by road, rail, sea or air unless in a suitable VAPORPROOF SEALING TANK for transport or storage in bulk. Do not allow to come into contact with foodstuffs or water. Do not contaminate any water supply. Ground/bond container and receive in environmentally acceptable methods for cleaning equipment and disposing of unwanted paint. Avoid release to the environment.
- Use only non-sparking tools. Take precautionary measures against static discharge.

**Disposal**
- For full technical instructions see Data Sheet D36.
- Refer to local waste management authority.
- For use as a decorative/protective coating.
- Contains: Aromatic bitumen ingredients

**Emergency procedures**
- If exposed or concerned: Call a POISON CENTRE.
- For tips on minimising the impact of your decorating on the environment see the Resene website.
- FLAMMABLE LIQUID AND VAPOUR: Use with adequate ventilation. Do not smoke.

**Waste disposal**
- Do not dispose of in drains or waterways. Refer to local waste management authority.
- For use as a decorative/protective coating.
- Contains: Aromatic bitumen ingredients

**Personal protective equipment**
- Gloves:
- Eye protection:
- Respiratory protection:

**Inhalation**
- In adequate ventilation, wear respiratory protection. Contaminated work clothing should not be allowed out of the workplace. Wash thoroughly after handling.

**Ingestion**
- DO NOT induce vomiting. Seek medical advice.

**Contact with skin**
- If skin irritation occurs: Get medical attention immediately.
- If present and easy to do. Continue rinsing.

**Eye contact**
- If in eye: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**First Aid**
- IF IN EYE: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- IF ON SKIN (or hair): Wash with plenty of soap and water; If skin irritation occurs: Get medical attention immediately.
- IF INHALED: Move受害者至新鲜空气处; 立即获得医疗援助。如果症状持续：继续吸入新鲜空气。如果呼吸道受阻，立即寻求医疗援助。
