**SAFETY PRECAUTIONS**

Read label before use. Keep out of reach of children. This material is quite biodegradable, with occasional skin contact and even minor ingestion having negligible hazard. Depicted skin contact only, and no eye contact will cause irritation. Harmful to aquatic life.

**PRECAUTIONS**

**USE WITH ADEQUATE VENTILATION. DO NOT EAT, DRINK OR SMORE WHILE USING.**

Store in original or correctly labelled container, tightly closed, in a well ventilated area, away from food, beverages, and other materials that may affect the quality of the product. Avoid contact with eyes and skin. In case of contact with skin, wash with soap and water. In case of contact with the eyes or mucous membranes, rinse with water immediately for at least 15 minutes. If irritation persists, consult a physician. In case of ingestion, do not induce vomiting. Rinse the mouth with water and seek medical attention. Do not attempt to induce vomiting. If the material enters the respiratory system, seek medical attention immediately. Do not inhale the material. Dispose of wash-up water onto grassy/unsealed area or earth. Collect and seal in properly labelled drums. Do not dispose of in sewers or stormwater systems. Do not pour into ground water. Do not pour into drains or stormwater systems. Do not pour into Rivulet or Ocean. Do not pour onto the roadway.

**FIRST AID**

For use as a decorative/protective coating. **WARNING:** Some ‘soft’ plasterboard preparatory products and undercured gypsum based materials are likely to form on the surface. Use a saturated latex paint primer to seal these materials in situ.

- **Diet:** In the event of ingestion, do not induce vomiting and seek medical attention immediately.
- **Inhalation:** If you inhale the material, move to fresh air and seek medical attention immediately.
- **Skin contact:** Rinse with water immediately. If irritation persists, seek medical attention immediately.
- **Eye contact:** Rinse cautiously with water. For several minutes. Seek medical attention immediately.
