Resene Stone Strengthener

Use on: Sandstone, Dunamare stone, weathered bricks, lightweight concrete, weathered plaster.

Typical coverage: 1-10 square metres per litre depending on surface.

Dry time (minimum): Can be used immediately after application.

Reroset time (minimum): Dependent on substrate and application conditions.

Usual number of coats: One.

Thinning and clean up: Do not thin, Clean up with mineral turps.

Before use: Do not use with a volatile thinner.

Putt/s: One year in full sealed containers.

Performance
• Non-fume, weak substitutes with inert, acid-resistant silicone gel.
• Negligible change in surface appearance.
• Low molecular weight for optimum penetration.

Precautions and limitations
• Release of ethyl alcohol – use only in well ventilated areas.
• Will etch glass. Protect window glass.
• Excess material left on the surface should be removed immediately.

ATTENTION IMMEDIATELY
• If exposed or you feel unwell. Call a POISON CENTRE, doctor or physician.

INHALATION: Remove to fresh air. IF BREATHING DIFFICULT GET MEDICAL ATTENTION OR FIRST AID.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easily accessible. Continue to rinse eye.

IF ON SKIN (or hair): Remove all contaminated clothing and wash before reuse. Wash skin with plenty of soap and water. If skin irritation or rash occurs get medical advice or attention.

IF SWALLOWED: Immediately call a POISON CENTRE, doctor, physician or first aider.

FIRST AID
• Wash hands with soap and water before eating, drinking, smoking or handling flammable materials.
• Wash any exposed skin with soap and water.

IN CASE OF DILUTION: Avoid release to the environment.

If you are not sure what to do, call Resene.

Safety precautions

SAFETY PRECAUTIONS

Read and understand the Safety Data Sheet prior to use. Store in a cool, dry, well ventilated area.

FIRE:
Recommended thinner. Do not allow thinner to enter any drains. Refer to local waste management authority.

SPILLS:
Do not allow to enter drains or to run off into waterways. Refer to the manufacturer’s data sheet for specific recommendations regarding spill containment and cleanup.

CLEANING PAINT EQUIPMENT:
Avoid release to the environment. For environmentally acceptable methods for cleaning equipment and disposing of unwanted paint.

PRECAUTIONS

Avoid release to the environment.

In every case it is recommended that the appropriate Data Sheet and Safety Data Sheet are consulted prior to application.

Enjoys the Resene Promise of quality on premium parts. See your Resene ColorShop or the Resene website for a copy.

The degree of strengthening required should be determined and a suitable application rate established.

Use on exterior walls with good drainage or if the surface is to be protected.

Use with mineral turps if still wet or ammonia if dried. Remove any excess material left on the surface immediately.

DO NOT STORE IN CONTACT WITH RUBBER OR SYNTHETIC MATERIALS.

Health and safety

Inhalation: Remove to fresh air.

Skin contact: Wash with soap and water. If skin irritation or rash occurs get medical advice or attention.

Eye contact: Rinse cautiously with water for several minutes. Remove contact lenses if present and easily accessible. Continue to rinse eye.

Ingestion: Do not induce vomiting. If swallowed, rinse mouth and give plenty of water. If possible on to newspaper before washing out brushes/rollers with the recommended thinner.

Emergencies

In case of emergency, refer to the local emergency services and to the relevant National Poisons Centre.
