Resene Sureseal is a pigmented, solventborne, alkali-resistant, penetrating sealer with the ability to penetrate and bond to porous concrete surfaces making them suitable for painting. This lower odour formulation can be applied to almost any surface without fear of stain or water stains and dries without the unwanted and strong aromatic odours associated with traditional solventborne products.

Preparation
• All surfaces are thoroughly sanded, dry free from dust and loose material. A wipe with a damp cloth or sponge will remove minor sanding dust.
• Waterblasting is the best surface preparation prior to painting of weathered cementitious surfaces. Refer to your local Council for disposal information.

Clean up
• Resene Thinner No.2 (lower odour), or Mineral turps.
• Always use a compatible cleanser. For tips on responsible disposal of paint, cleaning equipment and residual unwanted paint and packaging. Or contact your Local Council for disposal information.

Use on: Exterior and interior surfaces including unreinforced and reinforced concrete, masonry, exterior and interior block, solid and fibrous plasterboard, hardboard, plaster, slate, wood, fibre cement sheeting, galvanised sheeting, metal, copper, zinc, lead or chromate based paints or old building materials. Resene Sureseal cannot be expected to hold back gross cleaning. The success of its use will be removed and more than one coat of Resene Sureseal employed.

FIRST AID
If Swallowed: Call a POISON CENTRE, doctor or first aider if you feel unwell.
If In Skin: Wash skin with water and soap and then rinse with plenty of water. If irritation or rash occurs get medical advice or attention.
If In Eyes: Rinse cautiously with water for several minutes. If eye irritation persists get medical advice or attention.
If Inhaled: Get fresh air. If symptoms occur call a POISON CENTRE or physician.

SAFETY PRECAUTIONS
Read label before use. Keep out of reach of children. May be harmful if swallowed or inhaled. Avoid contact with eyes, skin and sensitive eye irritation. Harmful to aquatic life with long lasting effects.

PRECAUTIONS
DO NOT USE AS A SMOKER WHEN USING THIS PRODUCT
