DANGER KEEP OUT OF REACH OF CHILDREN

Resene

PART B

Enjoy the Resene Promise of quality on premium paints. See your Resene ColorShop or the Resene website for a copy.

In every case it is recommended that the appropriate Data Sheet and Safety Data Sheet are consulted prior to application.

Write on your walls with whiteboard markers without damaging the surface with Resene Write-on Wall Paint; a two-component waterborne clear coating designed to produce a whiteboard effect over previously painted or sealed substrates. Use only with high quality whiteboard markers using a whiteboard eraser or soft cloth to clean.

Instructions for use:
Refer to Resene Write-on Wall Paint application and use instructions for instructions on preparation, mixing, application and use.

Permanent markers will not rub off the coating using rags or whiteboard erasers but they will not damage the coating. Use methylated spirits or other cleaning fluids to remove permanent markers. Occasional use of methylated spirits for cleaning will not damage the coating.

Please ensure that use of this product is compatible with the substrate and the use program/mетод. Resene does not accept any responsibility for any damage to the substrate or to property caused by the application of the product. Inform customers. For further painting advice and information, call 1800 738 303 (AUS), 0800 737 363 or visit the Resene website.

UN NO. 1263 – PAINT RELATED MATERIAL
HIGHLY FLAMMABLE LIQUID AND VAPOUR
Keep away from heat/sparks/open flames/hot surfaces. No smoking.
