

1 BUNNY BASKETS

Show the Bunny where to deliver the stash this Easter by making these fun rabbit pockets. Cut the top 1/3 off the top of a paper plate in a straight line to create a semi-circle. Then cut bunny ears out of the off-cuts. Paint the semi-circle, two ears and another complete paper plate with two coats of your favourite Resene colour. I've used **Resene Sail**, **Resene Wonderland** and **Resene Princess** as my base colours. Paint two round cheeks onto the semi-circle piece and oval shapes inside both ears using **Resene Pattens Blue** for the blue bunny, **Resene Twilight** for the purple bunny and **Resene Pink Lace** for the pink bunny. Above the cheeks, paint two round circles for eyes using **Resene Bianca** and when dry two small pupils inside the eyes using **Resene Charcoal**. Cut four 25cm lengths of raffia and fix them like whiskers to the middle of the cheeks using a glue gun. Fix a small pom pom to the centre of the raffia with a glue gun to form the nose. Glue the outer edge of the semi-circle to the complete paper plate and the ears to the top using a glue gun. Fill the pockets with Easter treats and present at the breakfast table.
