

MOODY MONOCHROME IS A CLASSIC, ELEGANT COLOUR COMBINATION.

Sometimes less truly is more, and monochrome is a perfect example of this. The beauty, sophistication and simplicity of monochrome has been celebrated by interior designers and artists for centuries.

Black and white come in a myriad of tones – some cooler, some warmer, some more velveteen, some matte. To help you decide exactly which white will best suit your black, view the large A4 painted swatches at your local Resene ColorShop – it’s the quickest and easiest way to see which of your favourites work well together before trying them out with Resene testpots in your own home.

Jazz up black and white by adding texture or gloss to the paint finish. Resene Enamacryl gloss will bring out the sleekness in black, while Resene SpaceCote Flat will help it seem more moody and mysterious.

The Resene colour collection includes the latest designer paint hues to dress your home. Available from Resene ColorShops & resellers. 0800 737 363; resene.co.nz/colorshops Please view a physical Resene colour sample before making your final choice.
